

NOTICE OF RULEMAKING INTENT

**TITLE 527. STATE BOARD OF EXAMINERS OF PERFUSIONISTS
CHAPTER 10. PRACTICE/LICENSURE/EXAMINATION**

RULEMAKING ACTION:

Notice of proposed PERMANENT rulemaking

PROPOSED RULES:

Chapter 10. Practice/Licensure/Examination

527:10-1-2. Practice of perfusion/general licensure provisions [AMENDED]

527:10-1-4. Provisional license [AMENDED]

SUMMARY:

The proposed revisions streamline the process for Perfusionist Licensure. The proposed revisions to OAC 527:10-1-2 allow Board members' signatures to be affixed to licenses without calling a special meeting, permit the Board to review applications for licensure prior to all information being submitted by the licensee to expedite the process for licensure, and clarify that the requirement to provide a transcript and examination score is only for full licenses. Further, the amendments to OAC 527:10-1-4 separate the different requirements for graduate and out-of-state provisional licenses and add a student provisional license.
